

Excel Education Systems, Inc. Announces Agreement to Acquire Regionally Accredited Career College

Excel Education Systems, Inc. today announced the company has reached a definitive agreement to acquire a regionally accredited career college based in the northeast region.

Excel Education Systems, Inc. today announced the company has reached a definitive agreement to acquire a regionally accredited career college based in the northeast region. The career college offers online undergraduate career certificate and diploma programs in legal studies, business, health care, and information technology.

Excel Education Systems, Inc. has received permission from the Middle States Association, the college's accreditor, to proceed with the acquisition, which will transfer the assets of the college to Excel Education Systems, Inc. upon closing of the sale. The college headquarters will be relocated to Excel's corporate offices in Minneapolis, MN and will serve students worldwide.

As the new owner of the college, Excel Education Systems, possess the industry expertise, financial resources, systems, and human capital to improve student service and expand program offerings in the near future. The terms of the acquisition were not disclosed, but the transaction is a straight cash deal and is not being funded by credit or outside investors.

“Acquiring a regionally accredited career college is key to Excel’s long-term goal of providing affordable, accredited, post-secondary career training programs that prepare graduates for success in the workplace. Excel Education Systems is committed to providing adult learners with high quality, accredited, career training and certification programs that fit students’ busy schedules.” said CEO, Rod Clarkson.
